

## Worksheet 2

# The Exterminator

## There's More than One Way to Kill a Mouse!

1. How did this couple first try to get rid of the mouse?

---

2. List three other ways they could have tackled the problem.

---

---

---

3. Choose another one of their problems. For example they had a huge lion living with them! Or explain a problem you have in your own house. For example there's heaps of snails in the veggie garden or your sister's pet frog likes sleeping in your slippers! Write the problem here.

---

---

---

4. List two ways you could tackle this problem to try to solve it.

---

---

---

---
