Worksheet 3

Thumbelina

Create a 3D Diorama

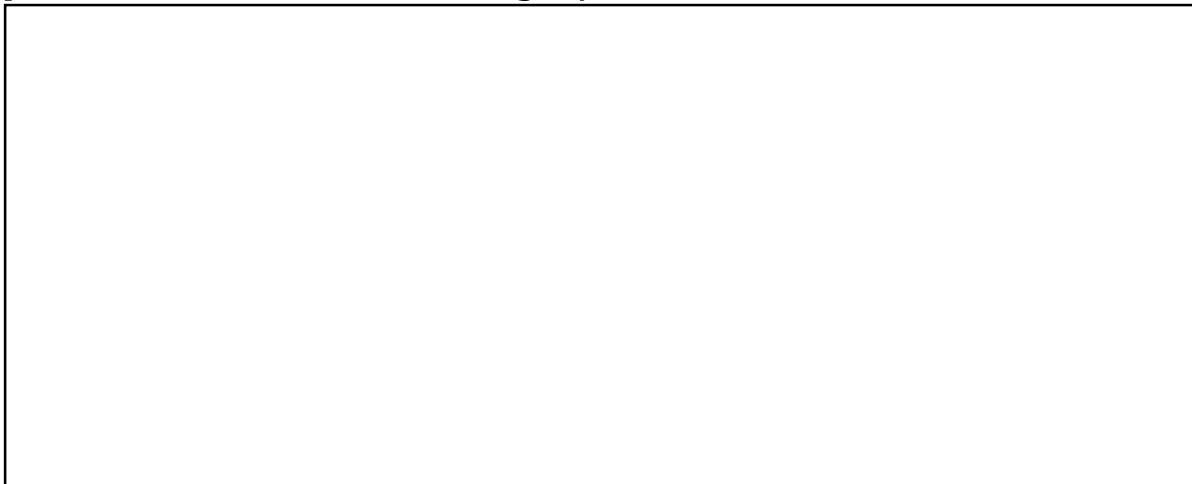

Thumbelina wove herself a bed of grass, and put it under a leaf to keep dry. She ate nectar from the flowers and drank the dew. The birds sang to her from the trees.

The swallow alighted in the most beautiful palace. Strange fruit hung on the trees. Brilliant butterflies danced in the shade. There were tall columns and great fountains. And in the most wonderful garden there was a carpet of flowers.

Using a shoebox placed on its side, create a 3D diorama (model) of one of the above scenes from the story *Thumbelina*.

Step 1: Make a list of the materials you will need for your diorama:

Step 2: In the box below, design your diorama:
