

Worksheet 3

Crazy Codes

Words Within Words

Here are two enormous words from the story! Take advantage of their extra long size by using the letters in them to create new words. Your new words must be at least three letters long – but try to make 5, 6 or 7 letter words if you can! You can use the letters in any order but can only use what is there. (So if there is only one letter 'e' you can't make a word with two e's in it.)

Word 1: Pneumonoultramicroscopicsilicovolcanoconiosis

3 letter words _____

4 letter words _____

5 letter words _____

6 or bigger! _____

Word 2: Floccinaucinihilipilification

Make a list of 15 to 20 words and create a 'word find' for a friend to do!
