

Worksheet 2

A Ghost Story

Design a Graph

'Inside was mud and weed...and more gold than he had ever seen before. It was the treasure of old Vander Spiegel!'

1. At the end of the story, Dolph becomes a very rich man indeed! Imagine you have just found a large amount of gold worth one million dollars. What would you buy? Make a list of your top ten purchases:

2. Now interview five friends and ask them the top **three** items they would buy if they found gold worth a million dollars.

Challenge!

Use the information from Question 2 to design a graph that effectively displays the results. You could represent the data on a column graph, a bar graph or another of your choice.
